

# Simplify Workstation Connectivity and Increase Productivity

with universal docking solutions from StarTech.com

This dock intelligently detects Thunderbolt 3 or USB-C technology and adapts to the port you are using to deliver an optimal docking experience.

This dock redefines the term “universal”. It is the ideal solution for offices preparing to transition to USB-C but still looking to extend the life of legacy USB-A laptops.

Thunderbolt 3 Laptop	USB-C Laptop
Max Thunderbolt 3 performance	Max USB 3.1 Gen 2 (USB-C) Performance
